## NASHVILLE, TENN. SATURDAY MORNING, JULY 2, 1853.

Maxems July 1 .- A. B. Taylor is re-elected Mayor by 55. THERMOMETER -5 o'dlock 79-9-0'clock 88-1 o'clock 92-4 o'clock 93. J. F.

Wa are indebted to Messrs Brany & Co. for the July number of Purnam's Monthly.

The friends of the late Hoon W. M'GAVock, are invited to attend his funeral to-morrow, Saturday Evening at 4 o'clock from his resi lence. Divine service by Dr. W. H. WHARTON.

HOT WEATHER .- It may be some consolation to our readers, fainting under the excessive heats of the present days and nights, to know that it is equally hot elsewhere. At Cincinnati, during the in the shade. At Wheeling, it rose to 98; at Pitts- Church Street. burg to 90, and at Boston to 98 degrees. In Philadelphiz, at noon on Tuesday, it stood at 96. In New York on the same day, the thermometer was up to 90. At Harrisburg, Pa. on Monday and Tuesday, the thermometer ranged from 95 to 98 degrees. At Hagerstown, Md. on Monday, the thermometer ranged from 90 to 99, and at Frederick, Md. from 95 to 100 degrees. In New York, on Thursday, there were no less than 37 sudden deaths reported at the Coroner's office, of which 15 died from the overpowering heat. At Philadelphia on the same day, the Coroner held twelve inquests, most of them caused by the excessive heat. At Baltimore, on the same day, six deaths occurred from drinking cold water.

OTA day or two since we chronicled the fact of the arrest of Mr. Billingsley, charged with swindling Messrs. McCrea & Terrass, grocers in Nashville. We were then under the impression that it was a clear case of swindling. But we have met with gentlemen from Middle Tennessee, who have been intimately acquainted with Mr. Billingsley from his boyhood. They tell us that he is an honorable man, that he has always stood fair in Wilson county; and that he was at one time deputy sheriff of that county. Without any solicitation-on our owe impulse-we write this paragraph to correct any injurious effect our previous notice of the arrest might have had against Mr. Billingsley .- Memphis Eagle and Enquirer.

The Eagle and Enquirer has an incorrect version of the story. Public opinion where the facts are known fully sustains Messra. McCREA & TER-BASS. BILLINGSLEY escaped from the sheriff at Memphis without standing trial, and we hear very bad reports of the manner of his leaving Wilson

RUSSIA AND TURKEY .- The last news from Turkey indicates still more pointedly a war with Russia. The Czar is said to have sent a messenger from St. Petersburgh with ne discretionary powers, to demand that the Porte shall, within eight days, accede to Menchikoff's ultimatum, or abide for funerals. the consequences. He has also appointed Prince Gortshadkoff, commander in chief in Besarabia.—

Letters from the capital say that the Emperor's

Meantime, the Porte is gallantly preparing for defence. He has given orders to Namek Pacha, ormerly governor of Arabia, to attack the Russians with his forty thousand men, if they attempt to cross the river Pruth. Forty thousand Egyptians, with the Egyptian flect of twelve vessels, were daily expected to arrive at Constantinople. The Governor of Therregomie offers to raise two hundred thou-and Albanians, and march them to any point. The arming of the fleet was progressing with vigor, and all the spare labor in Constantinople was employed in conveying ammunition to the forts. The present entire Ottoman force numbers 130,000 regulars, and there is in all 449,000 land forces, with a flect of 1500 guns, besides six steamships and twenty-two smaller crafts.

It is said that the Porte has addressed a note to the Great Powers, defending his course and offering to make certain concessions to the Christians, so as to remove all just ground of complaint.

There is yet a slight prospect of peace. Austria offers to mediate so that the Czar may have some apology for retreating from his unjust demands .--The Moniteur, the leading French journal, after an nouncing that the English and French fleets are permanently offered in aid of the Porte, believes that all will yet be amically adjusted.

A few more days will settle the great problem.

The first Magnetic Telegraph in California was, at our last dates, in course of construction from Sacramento to Nevada, via Auburn. The wire his also arrived at San Francisco for the main telegraphic line from that city to Marysville, via San Jose, Stockton, and Sacramento.

The President has entirely recovered from his recent indisposition. He called on Thursday, in his carriage wi h his secretary, Mr. Sidney Webster, for Sr Chas. Lyell, the eminent English geologist, who is stopping at the National Hotel, and visited, with him, the prominent points of interest about Washington.

In the Connecticut House of Representatives, on Wednesday, the report of the committee on African colon zation, recommending the passage of a resolution appropriating \$1,000 to aid in the removal of colored persons to Africa was rejected, and the resolution negatived. Vote not stated.

The Philadelphia papers state that the report of Messrs. Campbell, Page and Olmstead, auditors appointed to settle all accounts of the trustee of the Bank of the United States, has been confirmed and distribution ordered.

The Supreme Court of Louisiana has decided that the act of the Legislature authorizing the police juries and municipal corporations of the State to impose taxes for subscriptions to the stock of corporations undertaking works of internal im-

provement is constitutional. FROM THE INDIAN FRONTIER -A letter from Major John C. Henshaw, of the United States army, dated at Fort Arbuckle, on the 15th of May, says that the report of an attack on Fort Arbuckle is untrue. There had not been even the semblance of hostile feeling shown by any of the tribes that

habitually visited the fort since its establishment. FULL COFFEES.-The Sub Treasury in New York, the Express says, is now fuller than it ever was before, running up to eight millions. Unless the government makes a great sacrifice in buying up the national debt, the surplus revenue will ran over

\$29,000,000 when Congress re-assembles, "We wish," says the Presbyterian Quarterly Review, "that Mr. Dickens could be persuaded for once, if only for the sake of variety and truth to nature, to become acquainted with one decent minister of any denomination and give his portrait as an offset to the disgusting hypocrites he delights to paint. REFER the Farmers to the statements below, made by Dr. John Shelby and L. F. Bradley. I have seen it in operation several times, I am satisfied of its great utility. As the season is advancing, I now offer those I have on hand for L. P. CHEATHAM. Nashville, Tenn.

NASHVILLE, June 28, 1858. COL. L. P. CHEATHAM: - Dear Sir :- I have been using the "Reaping and Mowin" Machine" paten ented by Manney of Illinois, which you are now offering to the citizens of Tennessee. It is a first rate labor saving Machine. It works nearly and happing. The amount out per day will depend principally upon the speed of the team. If the team can travel four pules per hour, it will Reap or Mow, fifteen acres in ten hours. It is entitled to the confidence of the public.

1, L.F. Bradley, now managing the farm of Dr. Shelby, make the following statement: We have had for more than one week, one of Col. Cheathara's mewing and reaping machines, we have tried it in clover and grain blown and tangled, and I now state that it mows and cuts cleaner than the sythe blade, and that it will now per day as much as 14 hands and it can reap at least twenty four acres per day. hands, and it can respet least twenty-four acres per day.
